Fitted Garages

If you want  
to design  
your **dream  
man cave**

# Create a room without boundaries

**Imagine a place within your home where you and your friends could go to watch sport, play pool or just catch up over a beer without being disturbed, welcome to the man cave.**

---

Your garage has untapped potential perfect for your dream man cave, the large floor space is ideal for a pool or snooker table and still leaves enough space to park your car or use gym equipment.

If your dream man cave includes a home cinema we can provide built in entertainment systems. Add surround sound to fully immerse yourself in your favourite movie and sit back and relax with a chilled beer from your mini fridge.

To make your new man cave a room where you will want to spend your time it's important to ensure you have adequate insulation. Porcelain tiles create a draft and dust barrier and look stylish too!

Your man cave wouldn't be complete without a touch of your personal style. Create any combination of colour coordinated cabinets and add decals of your favourite design to make your room truly you.

# The Ultimate **Man Cave** Garage

We understand that everybody has different needs, but to show you how versatile our products can be we have created an example layout for the 'perfect' man cave garage. This garage interior can easily be added to or adapted to suit your exact requirements to create *your dream garage*.
